For the Degree of Doctor of Letters

ARTHUR PAUL DAVIS

The Candidate Will Be Presented by Dr. John E. Jacob
Vice Chairman, Board of Trustees

Arthur Paul Davis, Professor of English at Howard University for forty years, was born in Hampton, Virginia on November 27, 1904. After attending Howard University for one year (1922-1923), he went on to earn a Bachelor of Arts degree from Columbia College in New York in 1927.

His first teaching experience was at North Carolina College where he served as Professor of English from 1927-1928. He returned to Columbia University where he earned the Master of Arts degree in 1929. His next teaching assignment was at Virginia Union University where he held the position of Professor of English from 1929-1944. During the summers of the years 1943-1949 he worked at Hampton Institute where he was Professor of Graduate English.

In 1942 he was awarded the Doctor of Philosophy degree from Columbia University and two years later he joined the faculty at Howard University where he currently remains.

Dr. Davis has received numerous honors and distinctions. In 1927 he was elected to Phi Beta Kappa at Columbia College. He has

studied abroad on a General Education Board Fellowship and has been honored by both Hampton Institute and Columbia University as an Outstanding Alumnus.

Dr. Davis holds membership in several learned societies among which are the Modern Language Association and the College Language Association. He has authored and edited such major works as: *The Negro Caravan* and *Isaac Watts: His Life and Works*; *Cavalcade: Negro-American Writers from 1760 to the Present*; *The Negro Renaissance*; and *From the Dark Tower—Afro-American Writers 1900 to 1960*. He has published over three dozen scholarly articles and has written some twenty reviews of work by many noteworthy authors.

Between June, 1964 and September, 1966 he wrote a series of English units for secondary schools, used in both printed and mimeographed forms for many Upward Bound and other programs for the underprivileged. These units are part of an effort to find a new approach to the teaching of English.

For the Degree of Doctor of Humane Letters

KATHERINE DUNHAM

The Candidate Will be Presented by Mrs. Beverly B. Kelch
Member, Board of Trustees

Katherine Dunham is a noted dancer, choreographer, anthropologist, actress, producer, composer and educator. She is also a prolific writer, having authored numerous short stories and scholarly articles, as well as several books.

After earning a Master of Arts degree in social anthropology, she was awarded a Rosenwald Fellowship which enabled her to travel to the West Indies to study in Haiti, Jamaica, Martinique and Trinidad. Returning to the United States, she became the guest choreographer for the Chicago Federal Theatre.

Following the extraordinary performance of her work at that theatre, she rapidly became one of the leading exponents of primitive dance forms in the world of modern choreography. She has used her study of anthropology and her study of primitive rituals from tropical cultures to create unique dance forms which blend native qualities with sophisticated Broadway stage settings.

Katherine Dunham acted and danced in the stage production of "Cabin in the Sky," a Black musical. She choreographed it, as well. Her staging and production skills were later to be utilized by Hol-

lywood in such films as "Star Spangled Rhythm" and by other groups in Argentina, Mexico, Germany, South America and elsewhere.

During the 1940's, Miss Dunham formed the Katherine Dunham School of Cultural Arts. Her widely-acclaimed Katherine Dunham Dance Company toured the United States and Europe and played to enthusiastic audiences in countless cities.

In 1963 she became the first black choreographer to work at the Metropolitan Opera House in New York City where she choreographed the dances for a new production of "Aida." Less than 10 years later, in 1972, she directed Scott Joplin's ragtime opera, "Treemonisha," at the Wolf Trap Farm for the Performing Arts in Northern Virginia.

At present, Miss Dunham continues her work, primarily in East St. Louis, Illinois, where she is the founding director of the Katherine Dunham Museum. She is a member of the faculty of Southern Illinois University and director of the Performing Arts Training Center of Southern Illinois University.

For the Degree of Doctor of Science

WALTER LINCOLN HAWKINS

The Candidate Will be Presented by Dr. Joseph B. Morris
Member, Board of Trustees

Walter Lincoln Hawkins was born in Washington, D.C. on March 21, 1911. He received a degree in Chemical Engineering at Rensselaer Polytechnic Institute in 1932, the Master of Science degree at Howard University in 1934, and a Doctor of Philosophy degree at McGill University in 1938. He served as a research associate at Howard from 1934-1936 and as a lecturer at McGill from 1938-1941.

In 1941 he was a National Research Council fellow at Columbia and the following year he joined the Bell Telephone Laboratories where he remained until 1976 when he retired, holding the title of

Assistant Chemical Director. He has written approximately fifty technical articles which have appeared in various journals. He has also written chapters in well known books, as well as edited and co-edited major works published by the American Chemical Society. He was awarded 14 patents by the U.S. Patent Office and some 30 patents by Patent Offices in other countries.

Dr. Hawkins is a member of the National Academy of Engineering, a fellow of the New York Academy of Science and the American Institute of Chemists. He is a national councilor and former chair-

man of the North Jersey section of the American Chemical Society. He also served as chairman of the National Advisory Committee on Minorities in Engineering.

Dr. Hawkins was honored by Howard University as one of its outstanding alumni in 1944. He received the Honor Scroll of the American Institute of Chemists in 1970 and the Percy Julian Award

in chemistry in 1976. He was awarded honorary degrees by Montclair State College in 1975 and by Stevens Institute of Technology in 1979. He continues his association with Bell Laboratories and Western Electric Company as a consultant and is research director of the Plastic Institute of America, Inc. at Stevens Institute of Technology at Hoboken, New Jersey.

For the Degree of Doctor of Laws

SIR WILLIAM ARTHUR LEWIS

The Candidate Will be Presented by Dr. James F. Tucker
Member, Board of Trustees

Sir William Arthur Lewis was born in Saint Lucia, West Indies on January 23, 1915. In 1937 he received the Bachelor of Commerce degree from the London School of Economics and was later, 1940, awarded the Doctor of Philosophy degree from the same institution.

Sir Arthur's career as a university professor began at the London School of Economics, where he was a lecturer from 1939 to 1948. For the next decade he served as professor of political economy at the University of Manchester. From 1959 to 1963 he was Principal, then Vice-Chancellor, of the University of the West Indies. From 1966 to 1973 he served as Chancellor of the University of Guyana. Since 1963 he also has been a professor in the Woodrow Wilson School of Princeton University.

In 1979 Sir Arthur's three decades of steady contributions to the analysis of economic growth and development, particularly as applied

to developing nations, were recognized when he was named to share the Nobel Prize in economic science. He became the first (and to date, the only) Black Nobel laureate in a research or literary field.

He has served as a consultant to the Caribbean Commission (1949), the Gold Coast Government (1953) and the Government of Western Nigeria (1955). A member of the United Nations' Group of Experts on Underdeveloped Countries in 1951, he was assigned by the UN as an economic adviser to the Prime Minister of Ghana in 1957-58. From 1970 to 1973 he was president of the Caribbean Development Bank in Barbados.

In 1963, he was knighted by Queen Elizabeth II. He has received over seventy honorary degrees and holds memberships in an impressive number of learned and professional societies. In addition, he is author of ten books and numerous articles in technical, economic and law journals.

For the Degree of Doctor of Laws

ROBERT LEE WHITE

The Candidate Will be Presented by Dr. Lawrence B. Wilson
Member, Board of Trustees

Robert Lee White is President of the oldest and largest independent black-led federal union in the United States, the National Alliance of Postal and Federal Employees (NAPFE). Born in Jackson, Mississippi, Mr. White has spent over 37 years working in various capacities in the National Alliance.

Mr. White began his tenure with the U.S. Post Office in 1943 as a letter carrier. Four years later he became active in the National Alliance. His dedication to the goals of NAPFE's founders and keen insight into modern day issues confronting minority postal workers catapulted him into top leadership roles within the Union. He was elected President of the Washington, D.C. Local in 1953. In 1970 he was elected President of NAPFE and was re-elected to his seventh consecutive two-year term in June 1982. Under his administration membership has increased by over 80,000. The Alliance Health Benefit Plan for members now ranks as the fifth largest among the nation's top federal health benefit plans and the union is presently coordinating a national housing program for the elderly.

As a civil rights advocate, he has ensured that NAPFE's broad concern for the progress of all Black people extended beyond mere lip service. NAPFE is the single largest labor union contributor of its size to the National Association for the Advancement of Colored People and has provided significant funding to the United Negro College Fund, the National Urban League and the Leadership Conference on Civil Rights. NAPFE has also given financial support to the National Bar Association. In addition, Mr. White has directed the depositing of more than 3 million dollars into 20 minority banking institutions throughout the country in demonstration of NAPFE's commitment to minority economic development.

Growing increasingly concerned with the lack of minorities and women trained in the field of labor-management relations, the Alliance in 1978 awarded a \$1.25 million dollar grant to the Howard University School of Business and Public Administration to establish a graduate degree program in Labor Management Relations. NAPFE has also provided funding to the Howard University School of Law for the establishment of a Labor Law Clinic.

MAX ROBINSON

The Candidate Will be Presented by Dr. Geraldine P. Woods
Chairman, Board of Trustees

Max Robinson, television news broadcaster, was born in Richmond, Virginia on May 1, 1939. Mr. Robinson recently joined Channel 5 News, WMAQ, in Chicago, after having served as a tri-anchor covering the National Desk for ABC's World News Tonight.

Prior to joining ABC in 1978, he was anchor of "Eyewitness News" at WTOP-TV, Washington, D.C., from 1969-1978. From 1966-1969, he was a correspondent at the NBC-owned station, WRC-TV in Washington, D.C., where he also served as anchor for "Today in Washington Early Morning News," covering Capitol Hill, the White House and the District Building.

He began his career as a studio director at WTOP-TV in 1965, becoming a news reporter shortly thereafter. He is the recipient of two national and two regional Emmy Awards, the Capital Press Club Journalist of the Year Award and the Ohio State Award, as well as an award from the National Education Association. His most recent national Emmy was in the News and Documentary category.

In 1981 Mr. Robinson received the Heritage Award for Excellence in Journalism from the College of William and Mary. In that year he

also received the Martin Luther King, Jr., Memorial Drum Major for Justice Award, the Detroit Distinguished Recognition Award and was cited by the National Association of Black Journalists and the National Association of Media Women. He received the Robert S. Ball Memorial Award from the Aviation and Space Writers Association for his special coverage of the Space Shuttle's maiden flight in 1982. He was presented with the Golden State Minority Foundation Medal of Excellence and a Harvard Foundation Special Award in 1983. Seven honorary degrees have been conferred upon him.

An accomplished painter, he taught communicative arts and television production at Federal City College. He attended Oberlin College and learned Russian as a language specialist at the Air Force Institute at Indiana University.

He helped found the Association of Black Journalists, a group whose efforts are aimed at encouraging Blacks in journalism and started the first internship program for Blacks in broadcasting in Washington, initially using his own funds. The program is still in existence at WDVM-TV, a CBS affiliate in Washington, D.C.

THE CONFERRING OF DEGREES IN COURSE

The order of presentation of schools and colleges for the conferring of degrees is based on two factors—the year of establishment of the school or college and the distinction between graduate and undergraduate programs. The first eleven schools and colleges, beginning with the College of Liberal Arts and ending with the College of Allied Health Sciences, were established over the years from 1868 to 1974. These eleven schools and colleges provide basically undergraduate programs. The next five schools and colleges, beginning with the School of Divinity and ending with the School of Social Work, were established between the years of 1868 and 1945. These schools and colleges offer professional graduate level programs. The last school listed, the Graduate School of Arts and Sciences, was established in 1934 and offers graduate level programs exclusively.

THE ALMA MATER

Reared against the eastern sky
Proudly there on hilltop high,
Far above the lake so blue
Stands old Howard firm and true
There she stands for truth and right,
Sending forth her rays of light,
Clad in robes of majesty;
O Howard, we sing of thee.

Be thou still our guide and stay,
Leading us from day to day;
Make us true and leal and strong,
Ever bold to battle wrong.
When from thee we've gone away,
May we strive for thee each day
As we sail life's rugged sea,
O Howard, we'll sing of thee.

—Words, J. H. BROOKS, '16

—Music, F. D. MALONE, '16

AUTOGRAPHUS

THE ACADEMIC COSTUME

The caps, gowns, and hoods worn at college and university functions date back to the Middle Ages. Monks and students used them to keep warm in medieval castles and halls of learning. From these practical origins, they have developed into the accepted garb which symbolizes scholarly achievement.

Baccalaureate gowns have a long pleated front with shirring across the shoulders and back. They are primarily distinguished by flowing sleeves, pointed at the fingertips. These gowns may be worn either open or closed.

The master's degree gown is worn open, and the sleeve is cut so that the forearm comes through a slit just above the elbow.

Gowns for the doctor's degree are also worn open. They carry broad, velvet panels down the front, and three velvet bars on the full, round sleeves. This velvet trimming may be either black or the color distinctive of the degree.

Mortar boards or caps worn with baccalaureate and master's gowns generally have black tassels. The tassel of the doctoral cap is usually made of gold bullion.

Faculty members and guests in today's procession are robed in gowns and hoods which represent the institutions from which they have received degrees.

The hood gives color and real meaning to the academic costume. Its silk lining bears the colors of the institution conferring the degree. The hood is bordered with velvet of prescribed width and color to indicate the field of learning to which the degree pertains as follows: medicine, green; music, pink; nursing, apricot; pharmacy, olive green; public administration, peacock blue; science, golden yellow; social work, citron; theology, scarlet; architecture, brown; arts, letters, and humanities, white; business, drab; dentistry, lilac; education, light blue; engineering, orange; fine arts, brown; law, purple; philosophy, dark blue.

THE MACE

THE MACE, carried by the University Marshal, Dr. Joseph B. Morris, Chairman, Department of Chemistry, is the ceremonial symbol of the University. Its origin dates back to the Middle Ages. It is used on all occasions of academic ceremony at the University. At today's Commencement, the entry of the Mace heralds the arrival of the academic procession.

THE BATON

THE BATONS carried by the Marshals and Assistant Marshals of each school and college are being used to lead the academic procession of the respective schools and colleges into and out of the place of the ceremony. The batons are made of wood, painted blue, and tied with white ribbons denoting the colors of Howard University.

THE PRESIDENTIAL CHAIN OF OFFICE (The Medallion)

The Presidential Chain of Office, worn by President Cheek, was presented to the University on the occasion of the Centennial Celebration in 1967 by Trustee Herman B. Wells and his mother, Mrs. Granville Wells. The chain symbolizes the current and past holders of the Office of President. The basic material of the chain is sterling silver, plated with hard gold. Both the University Seal and the Centennial Seal are appended to the chain.
